# Course Descriptions

# [2022 Free MN CE]

## Biohazard Claims: Not for the faint of heart.

Safely handling biohazard can be a challenge in your client's home or business. You will learn the why's and how's of this type of claim.

## Claims: What Happens Next

Valuable information to help them you provide better support for clients as they go through the claims process.

## Fire Claims: A hot mess.

See the challenges to reversing the chemical interactions caused by a fire. Learn through some interesting experiments and actual claims.

## Hoarding Claims: A tough negotiation.

Learn the challenges of cleaning a hoarded home, both with the structure and the person who hoarded.

## Mold Claims: Who is going to pay?

Challenging misconceptions about mold and how to remove it from a building. The answers will surprise you. Practical guidelines for doing this yourself.

## Packouts: It's Just Stuff, but...

Some losses require a removal, or Packout, of the client's belongings in a home. An important review of how a company handles their prized possessions.

## Water Claims: Here we go again.

Learn the best practices for restoring the most common type of claim and how to better insure your clients before it happens.

After the Fire: A guide for victims and insurance professionals. What to do and not do after a loss.

Ethics. 8 Ways to Get There: Building a Strong Ethical Culture in Your Life and Where You Work.

## A History of Claims: What is the same, what is different?

An interesting look at the first insurance companies and how claims used to be handled and how they will be in the future.

## Tips on Managing Claims: Exploring the best ways to handle property claims.

Learn and share the best practices to make things go as smoothly as possible.
